Profit Before Tax	154,660,809	107,065,137
Net Profit after Tax & Total Comprehensive Income	90,297,859	92,718,421

e) Development in Human Resource & Industrial Relations:

Although the Company is not labour intensive in nature, yet, it has engaged adequate man power commensurate with the size and nature of business of the Company. During the year under review, industrial relations have been cordial and there have been no incidence of strikes or lock outs.

f) Cautious Statement:

Statements made in this section of the report are based on the prevailing position in the real estate industry and market conditions. Thus, certain statements in this report may be construed as forward looking statements which have been made as required by rules and regulations, as applicable. There are several factors, which would be beyond the control of management and as such, may affect the actual results, which could be different from that envisaged.

Thus this report should be read in conjunction with the financial statements included herein and the notes thereto. The Company should and need not be held responsible, if, which is not unlikely, the future turns out to be something quite different. Subject to this management disclaimer, this discussion and analysis should be perused.

Independent Auditors' Report

To The Members of Aradhana Investments Limited

Report on the Audit of Standalone Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of **Aradhana Investments Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2019, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India and the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read together with Companies (Indian Accounting Standards) Rules, 2015, of the state of affairs of the Company as at 31st March, 2019; and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the **Auditor's Responsibilities for the Audit of the Standalone Financial Statements** section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. We have no key audit matter to be reported.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's responsibility for the audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing (SAs) will always detect material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act & Rules made thereunder.
- e) On the basis of the written representations received from the directors as on 31st March, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company, and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

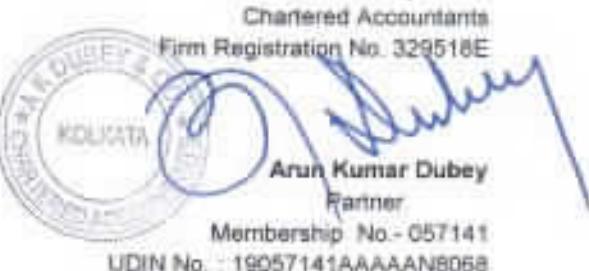

i) the Company did not have any pending litigations which would impact its financial position in its financial statements.

ii) the Company did not have any long term contracts including derivative contracts for which there are any material foreseeable losses.

iii) There is no amount which were required to be transferred, to the Investors Education and Protection Fund by the Company during the year.

2. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure "A" to the independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' Section of our report of even date to the Members of Shalimar Paints Limited.)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Aradhana Investments Limited ("the Company") as of 31st March, 2019 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management represented by the Board of directors ,is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial controls over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements, due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

1 Overview

Aradhana Investments Limited ("the Company") is a public limited company domiciled in India. The registered office of the Company is located at 5, Middleton Street, Kolkata 700071. The shares of the Company are listed on Calcutta Stock Exchange Association Ltd. The Company is engaged in the business of power generation, financing, investment and real estate.

2 Basis of preparation of financial statements

2.1 These financial statements have been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 notified under Section 133 of the Companies Act, 2013 ('the Act') and other relevant provisions of the Act to the extent applicable.

For all periods up to and including the year ended 31st March 2017, the Company had prepared its financial statements in accordance with accounting standards as prescribed under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 (referred to as 'Indian GAAP').

The Company has consistently applied the accounting policies used in the preparation of its opening Ind AS Balance Sheet at April 1, 2016 throughout all periods presented, as if these policies had always been in effect and are covered by Ind AS 101 "First-time adoption of Indian Accounting Standards". The transition was carried out from accounting principles generally accepted in India ("Indian GAAP") which is considered as the previous GAAP, as defined in Ind AS 101. The reconciliation of effects of the transition from Indian GAAP on the equity as at April 1, 2016 and March 31, 2017 and on the net profit and material adjustments to cash flows for the year ended March 31, 2017 is disclosed in Note 37.

The standalone financial statements provide comparative information in respect of previous year. In addition, the company presents balance sheet as at the beginning of previous year which is the transition date to Ind AS.

2.2 Basis of measurement

The financial statements have been prepared on an accrual basis and under the historical cost convention, except for the following (to the extent applicable):

- Certain financial assets and liabilities that is measured at fair value;
- Defined benefit plans - plan assets measured at fair value;

2.3 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). The financial statements are presented in Indian National Rupee ('INR'), which is the Company's functional and presentation currency.

2.4 Current or Non current classification

Any asset or liability is classified as current if it satisfies any of the following conditions:

- i.) The asset/liability is expected to be realized/settled in the Company's normal operating cycle;
- ii.) The asset is intended for sale or consumption;
- iii.) The asset/liability is held primarily for the purpose of trading;
- iv.) The asset/liability is expected to be realized/settled within twelve months after the reporting period;
- v.) The asset is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date;
- vi.) In the case of a liability, the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

For the purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realization in cash and cash equivalents.

3 3.1 Key Accounting Judgements, Estimates & Assumptions:

The preparation of the financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of incomes, expenses, assets and liabilities, and the accompanying disclosures at the date of the financial statements. The judgments, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future years.

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

3.2 Income Tax

Management judgement is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The company reviews at each balance sheet date the carrying amount of deferred tax assets/ liabilities. The factors used in the estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

3.3 Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

3.4 Contingencies

Management judgment is required for estimating the possible outflow of resources if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

3.5 Property, plant and equipment

Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically.

3.6 Application of accounting policies that require critical accounting estimates and assumption judgements having the most significant effect on the amounts recognised in the financial statements are:

- Measurement of defined benefit obligations;
- Recognition of deferred tax assets & MAT credit entitlement;
- Useful life and residual value of Property, plant and equipment and intangible assets;
- Impairment test of financial and non-financial assets;
- Recognition and measurement of provisions and contingencies;
- Fair value measurement of financial instruments

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

4

Significant Accounting Policies

Basis of measurement

The financial statements have been prepared under the historical cost convention on the accrual basis, except for the following assets and liabilities which have been measured fair value

- Property, Plant & Equipment (at fair value as deemed cost as at 1st April 2016);

- Financial assets and liabilities except certain investments. Loans and borrowings carried at amortised cost;

The financial statements are presented in Indian Rupees which is the Company's functional and presentation currency and all amounts are rounded to the nearest rupees thereof, except otherwise stated.

4.2 Property, plant and equipment

(i) Recognition and measurement

On transition to Ind AS, the Company has adopted optional exception under Ind AS 101 to measure Property, Plant and Equipment at historical cost as deemed cost. Consequently the written down value has been assumed to be deemed cost of Property, Plant and Equipment (PPE) on the date of transition.

An asset is recognised as property, plant and equipment when it qualifies the recognition criteria as specified in Ind AS 16. Following initial recognition, items of Property, Plant and Equipment are carried at its cost, net of available duty/tax credits, less accumulated depreciation and accumulated impairment losses if any. Costs include costs of acquisitions or constructions including incidental expenses thereto, borrowing costs, and other attributable costs of bringing the asset to its working condition for its intended use.

Subsequent expenditure relating to Property, Plant and Equipment is capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Costs in nature of minor repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred.

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from discard/sale of Property, Plant and Equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and Capital work-in-progress includes cost of property, plant and equipment under installation/under development, other expenditure (including trial run / test run expenditures) during construction / erection period (net of income) pending allocation/capitalization as at the balance sheet date.

(ii) Depreciation

Depreciation on property, plant and equipment at deemed cost is provided at the rates and in the manner specified in Schedule II of the Companies Act, 2013 and in respect of assets added/disposed off during the year on pro-rata basis with reference to the date of its use / disposal/residual value.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

4.3

Impairment

The carrying amount of Property, Plant & Equipment, Intangible assets and cash generating assets are reviewed at each Balance Sheet date to assess impairment, if any based on internal / external factors. An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value being higher of value in use and fair value less cost of disposal. An impairment loss is recognized as an expense in the Statement of Profit & Loss in the year in which an asset is identified as impaired. The impairment loss recognized in prior accounting period is reversed, if there has been an improvement in recoverable amount.

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

4.4 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i) Initial recognition

The Company recognises financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognised at fair value on initial recognition. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, that are not at fair value through profit or loss, are added/deducted respectively to the fair value on initial recognition. Trade receivables and trade payables that do not contain a significant financing component are initially measured at their transaction value.

ii) Subsequent measurement

(a) Financial assets carried at amortised cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. When the financial asset is derecognised or impaired, the gain or loss is recognised in the statement of profit and loss.

(b) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Movements in the carrying amount are recognised in OCI except the recognition of impairment gains or losses, interest revenue calculated using the Effective Interest Rate (EIR) method and foreign exchange gains and losses which are recognised in profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in Other Comprehensive Income is reclassified from the equity to Statement of Profit and Loss.

(c) Financial assets at fair value through profit or loss

A financial asset which is not classified in any of the above categories are subsequently fair valued through profit or loss. Therefore, they are subsequently measured at each reporting date at fair value, with all fair value movements recognised in the Statement of Profit and Loss.

(d) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method. Financial liabilities at fair value through profit and loss (FVTPL) includes financial liability held for trading and financial liability designated upon initial recognition as at fair value through profit and loss.

(e) Investment in subsidiaries

Investment in subsidiaries is carried at cost less impairment, if any, in the separate financial statements.

iii) Impairment of financial assets

Financial assets, other than debt instruments measured at FVTPL and Equity instruments are assessed for indicators of impairment at the end of each reporting period. The Company recognises a loss allowance for expected credit losses on all financial asset. In case of trade receivables, the Company follows the simplified approach permitted by Ind AS 109 - Financial Instruments for recognition of impairment loss allowance. The application of simplified approach does not require the Company to track changes in credit risk. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience.

iv) Derecognition

Financial Assets

Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

4.4

Financial Liabilities

The company derecognises a financial liability when its contractual obligations are discharged or cancelled or expires.

v) **Reclassification of Financial Assets and Financial Liabilities**

The company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. If the company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

vi) **Derivative financial instruments**

Derivative instruments such as forward currency contracts are used to hedge foreign currency risks, and are initially recognized at their fair values on the date on which a derivative contract is entered into and are subsequently re-measured at fair value on each reporting date. A hedge of foreign currency risk of a firm commitment is accounted for as a fair value hedge. Any gains or losses arising from changes in the fair value of derivatives are taken directly to Statement of Profit and Loss.

vii) **Off setting**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

4.5

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy in which they fall.

4.6

Inventory

Inventory are valued at lower of cost, computed on weighted average basis, or net realizable value. Cost of inventories includes in case of raw material, cost of purchase including taxes and duties net of tax credits/GST and incidental expenses; in case of work-in-progress, estimated direct cost including taxes and duties net of current credits and appropriate proportion of administrative and other overheads; in case of finished goods, estimated direct cost including taxes and duties net of tax credits/GST and appropriate administrative and other overheads including other cost incurred in bringing the inventories to the present location and conditions; and in case of traded goods, cost of purchase and other costs incurred in bringing the inventories to the present location and conditions.

The obsolete/damaged items of inventories are valued at estimated realisable value.

4.7

Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present obligation (legal or constructive) that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

4.8 Revenue Recognition

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts and rebates granted by the Company.

4.9 Operating /Other income

Interest Income

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable effective interest rate. Interest income is included in other income in the statement of profit and loss.

Dividends

Dividend income is recognised when the Company's right to receive dividend is established, and is included in other income in the statement of profit and loss.

4.10 Employee Benefits

Short term employee benefits

Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

4.11 Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds.

4.12 Taxes on Income

Tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in Other Comprehensive Income.

Tax on income for the current period is determined on the basis of taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax is provided on temporary difference arising between the tax bases of assets & liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax is measured using the tax rate that are expected to apply in the year when the asset is realized or the liability is settled based on the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax asset is recognized to the extent that it is probable that sufficient future taxable profit will be available against which the deductible temporary differences and the carry forward unused tax credits and unused tax losses can be utilized. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum Alternate tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period.

a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year after taking credit of the benefits available under the Income Tax Act and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current tax assets and liabilities are offset only if the Company:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

ARADHANA INVESTMENTS LIMITED

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

4.12 b) Deferred tax

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying values of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on the tax rates and tax laws that have been enacted or substantially enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to cover or settle the carrying value of its assets and liabilities.

Deferred tax assets and liabilities are offset only if:

- i) The entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- ii) The deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. MAT is recognised as deferred tax assets in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

4.13 Segment Reporting

Segment has been identified in line with the accounting standard on segment Reporting (AS 17), taking into account the organisational structure and as well as the differential risk and returns of these segments. Details of each services are as under :-

- (a) Rent from Property
- (b) Trading
- (c) Financing & Income from investments etc.

Wind & Solar Power

4.14 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, bank balance, short-term deposits with original maturities of three months or less and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

4.15 Earning per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted Earning per Share, the net profit or loss for the period attributable to Equity Shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

c) Other Financial Liability		Level-3	41545972	41545972	38693672	38693672

The fair value of financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

During the year ended March 31, 2019 and March 31, 2018, there were no transfers between Level 1 and Level 2 fair value measurements; and no transfer into and out of Level 3 fair value measurements.

The following methods and assumptions were used to estimate the fair values.

- A. Company has opted to fair value its Mutual Fund & Equity Shares investment through profit & loss
- B. Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities measured at amortized cost is approximate to their carrying amounts largely due to the short-term maturities of these instruments. The fair value of other non-current financial assets and liabilities (security deposit taken/given, loans to subsidiary and advance to employees) carried at amortized cost is approximately equal to fair value. Hence carrying value and fair value is taken same.

Fair value hierarchy

Level 1 - Quoted prices/NAV (unadjusted) in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

Note- 30 FINANCIAL RISK MANAGEMENT - OBJECTIVES AND POLICIES

The Company's financial liabilities comprise mainly of borrowings, trade payables and other payables. The Company's financial assets comprise mainly of investments, cash and cash equivalents, other balances with banks, loans, trade receivables and other receivables.

Note- 31 Financial risk factors

The Company's operational activities expose to various financial risks i.e. Market risk, Credit risk and Liquidity risk. The Company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary market risk to the Company is foreign exchange risk & interest rate risk. The Company calculates and compares the alternative sources of funding by including cost of currency cover also. The Company uses derivative financial instruments to reduce foreign exchange risk exposures.

I. Credit Risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments. Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of counter party, taking into account the financial condition, current economic trends, and the analysis of historical bad debts and ageing of accounts receivable etc. Individual risk limits are set accordingly.

I. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of fluctuation in market prices. These comprise three types of risk i.e. currency rate risk, interest rate risk, and other price related risks. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Regular interaction with bankers, intermediaries and the market participants help us to mitigate such risk.

a. Interest Rate Risk and Sensitivity

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Any changes in the interest rates environment may impact future rates of borrowing. The Company mitigates this risk by regularly assessing the market scenario, finding appropriate financial instruments, interest rate negotiations with the lenders for ensuring the cost effective method of financing.

Interest Rate Risk Exposure

	INR	USD	INR	USD
Fixed Rate Borrowings	—	—	140,000,000.00	—
Variable Rate Borrowings	—	—	—	—
Total Borrowings	—	—	140,000,000.00	—

II. Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. Trade receivables are typically unsecured and are derived from revenue earned from customers primarily located in India. Credit risk arising from trade receivable is managed in accordance with the company's established policy, procedures and control relating to customer credit risk management. The concentration of credit risk is limited due to the fact that the customer base is large.

The following table gives details in respect of percentage of revenues generated from top customer and top five customers:

Particulars	(In %)	
	Year ended March 31st 2019	2018
Revenue from top customer	18.72%	19.59%
Revenue from top five customers	61.99%	68.32%

Credit risk exposure

The allowance for lifetime expected credit loss on customer balances for the year ended March 31, 2019 is as follows:

Particulars	Year ended March 31st	
	2019	2018
Balance at the beginning	—	—
Impairment loss reversed	—	—
Additional provision created during the year	—	—
Balance at the end	—	—

The deposits with banks constitute mostly the liquid investment of the company, and are generally not exposed to credit risk.

III. Liquidity risk

Liquidity risk refers to risk of financial distress or high financing cost arising due to shortage of liquid funds in a situation where business conditions unexpectedly deteriorate and require financing. The Company's objective is to maintain at all times optimum levels of liquidity to meet its cash and collateral requirements. Processes and policies related to such risk are overseen by senior management and management monitors the Company's net liquidity position through rolling forecast on the basis of expected cash flows.

Note- 32 Competition and Price risk:

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

Note- 33 Capital Risk Management

The Company's policy is to maintain an adequate capital base so as to maintain creditor and market confidence and to sustain future development. Capital includes issued capital, share premium and all other equity reserves attributable to equity holders. In order to strengthen the capital base, the company may use appropriate means to enhance or reduce capital, as the case may be.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS - FINANCIAL YEAR -2018-19

35. Impairment Review

Assets are tested for impairment whenever there are any internal or external indicators of impairment. Impairment test is performed at the level of each Cash Generating Unit ('CGU') or groups of CGUs within the Company at which the goodwill or other assets are monitored for internal management purposes, within an operating segment. The impairment assessment is based on higher of value in use and value from sale calculations.

During the year, the testing did not result in any impairment in the carrying amount of goodwill & other assets. The measurement of the cash-generating units' value in use is determined based on financial plans that have been used by management for internal purposes. The planning horizon reflects the assumptions for short-to- mid-term market conditions.

Key assumptions used in value-in-use calculations are-

- (i) Operating margins (Earnings before interest and taxes),
- (ii) Discount Rate,
- (iii) Growth Rates and
- (iv) Capital Expenditure
